Facts

Welcome the new album SYNCHRONICITY of the cult thrash metal outfit Headshot! The album was produced between October 2010 and March 2011 in the Pure Sonic Studios, Langelsheim (Germany) by Jost Schlüter. It is the first Headshot album with ex Uppercut singer Daniela Karrer.

Headshot was founded by guitarist Olaf Danneberg, bass player Steffen Keuchel and drummer Till Hartmann in 1993 and became firmly established in the metal underground scene. The musicians were influenced by the sound of the Bay Area – not a very hot sound back in these days. But they played support for bands like Asphyx, Tankard, Dew-Scented or Disbelief and their fanbase grew.

Just after the release of the fourth album AS ABOVE, SO BELOW frontman Andi Bruer decided to leave the band in 2008. Once the band recovered from this shock they asked Daniela Karrer to join. A good idea as you can hear on SYNCHRONICITY.

With SYNCHRONICITY Headshot will reach a new level of their career. They offer technical finesse mixed up with irresistible melodies and a brutal sound. A feast for fans of bands like Exodus, Death Angel, Forbidden or Arch Enemy.
