Facts

Why rest on the viciousness of yesterday when you can move on? Under the name „Moshquito“, the band wrote a piece of german metal-history, but now it's time for a new chapter: Xiom!

Formed under the name of Argus already back in 1983, the band around guitarist Ingo „Igor“ Lohf changed their name in 1987 to Moshquito. Unfortunately being a metal band in the German Democratic Republic (GDR) was tough and the band had to overcome various forms of repression. But even after the German reunification, luck wasn't on their side.

So it took for their debut record „SECRETS“ till 1998 to be released. Due to massive line-up changes after four albums and one live DVD at the end of 2010, the band had to change their name again.

Xiom stands for a progressive mix of death- and trash metal. Influences of death and early cynicism are clearly noticeable. The vocals are provided by US-American Jeff Sumrell, who put a lot of attention in the underground scene with his other band Solace of Requiem. Together with Xiom, he crowns his previous body of work.

GLORIOUS SIN combines brutality and catchyness, technical finesse and groove.

Just returned from a tour across Europe with "Disbelief", Xiom wants to prove that they have a lot to come. GLORIOUS SIN is the best proof for that.
